4 Notes

HM Revenue & Customs has and will be agreeing a number of inter-governmental agreements to share tax information with tax authorities in other countries and jurisdictions.

The requirement to collect certain information about each customer's tax arrangement is part of UK legislation and as a financial services company we are legally obliged to collect it. We are asking for your tax residency and Tax Identification Number (TIN)/Tax Reference Number (where applicable) and will record this on our records, but will only disclose this information to the relevant tax authorities if and when we are required to do so under UK law.

The country/countries in which you pay income tax are likely to be your country/countries of tax residence. Special circumstances (such as studying abroad, working overseas, or extended travel) may cause you to be tax resident elsewhere, or tax resident in more than one country at the same time (dual residency).

If you are a citizen of the United States (US), or hold a US passport or green card, you will also be considered as tax resident in the US even if you live outside the country.

These notes are for guidance only. If you have any questions on how to complete this form, or any questions regarding these agreements, then we recommend you speak to your tax or legal adviser.
