Maybank launched its month-long SME campaign today in support of ongoing efforts to provide SMEs with greater access to financing. The Maybank SME Month kicked off with a “Micro Entrepreneur Engagement Workshop”, which aims to provide budding entrepreneurs with the necessary financial and business knowledge to build up their businesses.

During the campaign period from 1 to 30 September 2019, Maybank will be offering exclusive offers as well as promotional rates for SME clients. In addition, a series of capacity and capability building programmes for SMEs covering topics such as financial literacy, business strategy, marketing and branding, and digitisation will be held throughout the country to enable SMEs to upskill their knowledge and look for opportunities to expand their businesses.

Datuk Hamirullah Boorhan, Maybank’s Head, Community Financial Services for Malaysia, Mr Thomas Tan, Director, Development Finance & Inclusion of Bank Negara Malaysia, CFS Malaysia, En Mohd Rithaudden Makip, Chief Ecosystem Development, SME Corp Malaysia, Mr Leong Weng Choong, Chief Business Officer, Corporate Guarantee Corporation and En Adnan Sharif, Head SME Banking Maybank officially launched the campaign at Shah Alam Convention Center today.

In his speech Datuk Hamirullah said “Through the series of workshops that we have planned for this month and the rest of the year, we are hoping that SMEs will not only gain a better understanding of the requirements for financing, but also be able to network with their peers across different industries and develop new insights into building their businesses.

He added that the SME segment is a key focus for Maybank and its SME loans have grown healthily in the past few years, recording a 23% CAGR for 5 years between 2013-2018. “We are confident of meeting our target of providing RM35 billion financing to SME within 3 years. Datuk Hamirullah added that many initiatives and innovations will continue to be implemented to drive this sector. Maybank also has partnerships with various institutions such as the East Coast Economic Region Development Council (ECERDC) to provide exclusive financing package to eligible SMEs in this region.

He added that although the SME Month is only for a one-month period, continuous efforts and initiatives will be ongoing throughout the year to ensure that SMEs are able to avail themselves to the various programmes and products/services of the Bank at any time.
