Part A: Explanatory Notes Pursuant to Malaysian Financial Reporting Standard 134 ("MFRS 134") Interim Financial Reporting

A1. Basis of preparation

The audited condensed interim financial statements for Maybank Islamic Berhad ("MIB" or "the Bank") have been prepared under the historical cost convention except for the following assets and liabilities that are stated at fair values: financial assets at fair value through other comprehensive income, financial assets and liabilities at fair value through profit or loss and derivative financial instruments.

The audited condensed interim financial statements have been prepared in accordance with the requirements of MFRS 134 *Interim Financial Reporting*, IAS 34 *Interim Financial Reporting* and the principles of Shariah.

The audited condensed interim financial statements do not include all the information and disclosures required in the audited annual financial statements, and should be read in conjunction with the audited annual financial statements for the financial year ended 31 December 2020. These explanatory notes attached to the audited condensed interim financial statements provide an explanation of events and transactions that are significant to an understanding of the changes in the financial position and performance of the Bank since the financial year ended 31 December 2020.

The significant accounting policies and methods of computation applied by the Bank are consistent with those adopted in the most recent audited annual financial statements for the financial year ended 31 December 2020 except for adoption of the following amendments to Malaysian Financial Reporting Standards ("MFRSs"), which are effective for annual periods beginning on or after 1 January 2021:

- Amendments to MFRS 4, MFRS 7, MFRS 9, MFRS 16 and MFRS 139 Profit Rate Benchmark Reform (Phase 2)
- Amendment to MFRS 16 Leases COVID-19 Related Rent Concessions beyond 30 June 2021

The adoption of the above amendments to MFRSs do not have any significant financial impact to the Bank's financial statements.

Amendments to MFRS 4, MFRS 7, MFRS 9, MFRS 16 and MFRS 139 Profit Rate Benchmark Reform (Phase 2)

The amendments provide temporary relief which address the financial reporting effects when interbank offered rate ("IBOR") is replaced with an alternative nearly risk-free rate ("RFR").

The amendments provide a practical expedient whereby a entity would not derecognise or adjust the carrying amount of financial instruments for modifications required by profit rate benchmark reform, but would instead update the effective profit rate to reflect the change in the profit rate benchmark. On hedging relationship, entities would be required to amend the formal designation of a hedging relationship to reflect the modifications and/or changes made to the hedged item and/or hedging instruments as a result of the reform. However, the modification does not constitute discontinuation of the hedging relationship nor the designation of a new hedging relationship.

The amendments are effective for annual reporting periods beginning on or after 1 January 2021, retrospectively in accordance with MFRS 108 *Accounting Policies, Changes in Accounting Estimates and Errors*, without the need to restate comparative information. Restatement of prior periods is permitted if, and only if, it is possible without the use of hindsight. Earlier application is permitted. These amendments do not have any significant impact to the financial statements of the Bank.

A1. Basis of preparation (cont'd.)

Amendment to MFRS 16 Leases COVID-19 Related Rent Concessions beyond 30 June 2021

The amendment extends the availability of the practical expedient provided in 2020 where the amendment provides lessees with an option to treat qualifying COVID-19 related rent concession not as lease modification. Lessees may account the concession as a variable lease payment in the period it is granted. This practical expedient applies to rent concession that due on or before 30 June 2022.

The amendment applies to annual reporting periods beginning on or after 1 April 2021, which has been early adopted by the Bank. This amendment does not have any significant impact to the financial statements of the Bank.

Measures announced by Bank Negara Malaysia ("BNM") to assist individuals, small-medium enterprise ("SMEs") and microenterprises affected by COVID-19

During the financial year ended 31 December 2021, BNM had announced the extension of regulatory measures to facilitate financing repayment assistance to customers affected by the COVID-19 pandemic in line with the Government economic stimulus packages. The support measures include the following:

Targeted repayment assistance ("TRA") and moratorium

(i) Enhanced targeted repayment assistance under Perlindungan Ekonomi dan Rakyat Malaysia ("PERMAI")

An extension of TRA under PERMAI was announced on 18 January 2021. The extension applied to all TRA schemes announced previously where customers can apply for 3-month deferment of instalment or a 50% reduction in their monthly instalment payment for a period of 6 months. The TRA was applicable to all B40 (who registered in Bantuan Sara Hidup ("BSH") or Bantuan Prihatin Rakyat ("BPR"), M40 (who are recipients of Bantuan Prihatin National ("BPN") and microenterprises with financing facilities not more than RM150,000 that were approved on or before 30 September 2020 and not in arrears for more than 90 days.

(ii) Targeted repayment assistance under Program Strategik Memperkasa Rakyat dan Ekonomi Tambahan ("PEMERKASA+")

TRA under PEMERKASA+ was announced on 31 May 2021. The TRA was applicable to all customers who have lost their employment, B40 customers registered under BSH/BPR, SMEs and microenterprises with financing facilities not more than RM150,000 that were approved on or before 30 June 2021 and not in arrears for more than 90 days. All affected customers may opt for 3-month deferment of instalment or a 50% reduction in their monthly instalment payment for a period of 6 months.

(iii) Six-month moratorium under Perlindungan Rakyat dan Pemulihan Ekonomi ("PEMULIH")

The six-month moratorium under PEMULIH was announced on 28 June 2021. The moratorium applies to ringgit and foreign currency denominated financing approved on or before 30 June 2021, not in arrears exceeding 90 days and customers must not be adjudicated bankrupts or under bankruptcy proceedings. All individuals, SMEs and microenterprises may opt for 6-month deferment of instalment or 50% reduction in their monthly instalment payment for a period of 6 months. There will be no compounding of profit and any penalty profit during the moratorium period.

Targeted repayment assistance ("TRA") and moratorium (cont'd.)

(iv) Financial management and resilience programme ("URUS")

Pursuant to the statement issued by the Prime Minister on 13 October 2021, banking industry, represented collectively by The Association of Banks in Malaysia ("ABM"), Association of Islamic Banking and Financial Institutions Malaysia ("AIBIM") and Association of Development Finance Institutions of Malaysia ("ADFIM") had on 14 October 2021 announced its continued support to individual customers. The Bank has worked alongside with Agensi Kaunseling dan Pengurusan Kredit ("AKPK") to offer a comprehensive extended financial assistance scheme called Financial Management and Resilience Programme ("URUS").

Under URUS, AKPK will provide eligible customers with a personalised financial plan with the following options:

- (a) A 3-month profit waiver, commencing the month following the customers' on boarding into the scheme;
- (b) A 3-month profit waiver together with reduced instalments for a period of up to 24 months. This option will also benefit customers with unsecured personal financing and credit cards.

Application for URUS is open from 15 November 2021 until 31 January 2022 for individual customers:

- from B50 income segment (having gross household income of RM5,880 or lower based on definition by the Department of Statistics Malaysia);
- (ii) that have experienced either loss of employment or reduction of income of at least 50%;
- (iii) under an existing repayment assistance programme (e.g. Targeted Repayment Assistance, PEMERKASA+, PEMULIH, the Bank's own rescheduling and restructuring, etc.) as at 30 September 2021; and
- (iv) whose financing is still performing (not in arrears exceeding 90 days) as at the date of their application.

<u>Credit risk monitoring, stress testing and classification in the Central Credit Reference Information System</u> ("CCRIS")

The repayment assistance/moratorium does not automatically result in a stage transfer under MFRS 9 in the absence of other factors indicating evidence of significant increase in credit risk ("SICR"). The Bank will continue to apply judgement and perform more holistic assessment of all relevant indicators and information such as historical repayment and delinquency trend in determining SICR.

The financing that are approved under repayment assistance on or before 31 December 2021 are exempted to be reported as rescheduling and restructuring ("R&R") in CCRIS. However, the Bank is required to report the credit-impaired status consistently with the accounting classification.

Supervisory and Prudential Measures

During the financial year ended 31 December 2021, financial institutions are allowed to operate below the minimum Liquidity Coverage Ratio of 100%, lowered Net Stable Funding Ratio to 80% from 100%, draw down the capital conservation buffer of 2.5% and reduce the regulatory reserves held against expected losses to 0%. However, financial institutions are expected to restore their buffer to the minimum regulatory requirement by 30 September 2021. The Bank did not opt for any of the prudential buffers.

A1. Basis of preparation (cont'd.)

Standards and annual improvements to standards issued but not yet effective

The following are standards and annual improvements to standards issued by Malaysian Accounting Standards Board ("MASB"), but not yet effective, up to the date of issuance of the Bank's financial statements. The Bank intends to adopt these standards and annual improvements to standards, if applicable, when they become effective:

Description	Effective for annual periods beginning on or after
Annual Improvements to MFRS Standards 2018 - 2020	1 January 2022
Amendments to MFRS 116 Property, Plant and Equipment - Proceeds before Intended Use	1 January 2022
Amendments to MFRS 137 Provisions, Contingent Liabilities and Contingent Assets - Onerous Contract - Cost of Fulfilling a Contract	1 January 2022
Amendments to MFRS 101 Presentation of Financial Statements - Disclosure of Accounting Policies	1 January 2023
Amendments to MFRS 101 Classification of Liabilities as Current or Non-current	1 January 2023
Amendments to MFRS 108 Accounting Policies, Changes in Accounting Estimates and Errors - Definition of Accounting Estimates	1 January 2023
Amendments to MFRS 112 Income Taxes - Deferred Tax related to Assets and Liabilities arising from a Single Transaction	1 January 2023
Amendments to MFRS 10 and MFRS 128: Sale or Contribution of Assets between an Investor and its	Deferred
Associate or Joint Venture	Deferred

Annual Improvements to MFRS Standards 2018 - 2020

The amendments permit a subsidiary that elects to apply paragraph D13(a) of MFRS 1 First-time Adoption of Malaysian Financial Reporting Standards to measure cumulative translation differences using the amounts reported by the parent, based on the parent's date of transition to MFRS. The amendments are also applied to an associate or joint venture that elects to apply paragraph D13(a) of MFRS 1. The amendments are effective for annual reporting periods beginning on or after 1 January 2022 with earlier adoption permitted. The amendments are not expected to have any impact on the Bank's financial statements.

Amendments to MFRS 116 Property, Plant and Equipment - Proceeds before Intended Use

The amendments prohibit entities deducting from the cost of an item of property, plant and equipment, any proceeds from selling items produced while bringing that asset to the location and condition necessary for it to be capable of operating in the manner intended by management. Instead, an entity recognises the proceeds from selling such items, and the costs of producing those items, in profit or loss.

The amendments are effective for annual reporting periods beginning on or after 1 January 2022 and must be applied retrospectively to items of property, plant and equipment made available for use on or after the beginning of the earliest period presented when the entity first applies the amendment. The amendments are not expected to have any impact on the Bank's financial statements.

A1. Basis of preparation (cont'd.)

Standards and annual improvements to standards issued but not yet effective (cont'd.)

Amendments to MFRS 137 Provisions, Contingent Liabilities and Contingent Assets - Onerous Contract - Cost of Fulfilling a Contract

The amendments clarify that the direct costs of fulfilling a contract include both the incremental costs of fulfilling the contract and an allocation of other costs directly related to fulfilling contracts. Before recognising a separate provision for an onerous contract, the entity recognises any impairment loss that has occurred on assets used in fulfilling the contract.

The amendments are to be applied prospectively in annual periods beginning on or after 1 January 2022, with earlier application permitted. The amendments are not expected to have any impact on the Bank's financial statements.

Amendments to MFRS 101 Presentation of Financial Statements - Disclosure of Accounting Policies

The amendments require companies to disclose material accounting policies rather than significant accounting policies. Entities are expected to make disclosure of accounting policies specific to the entity and not generic disclosure on MFRS applications.

The amendments explain that an accounting policy is material if, without it the users of the financial statements would be unable to understand other material information in the financial statements or/and when considered together with other information included in an entity's financial statements, it can reasonably be expected to influence decision that the primary users of general purpose financial statements make on the basis of those financial statements. Immaterial accounting policy information need not be disclosed. However, if it is disclosed, it should not obscure material accounting information.

The amendments are to be applied prospectively in annual periods beginning on or after 1 January 2023, earlier application is permitted. These amendments are not expected to have a significant impact on the preparation of the Bank's financial statements.

Amendments to MFRS 101 Classification of Liabilities as Current or Non-current

The amendments clarify the following:

- · What is meant by a right to defer settlement;
- That a right to defer must exist at the end of the reporting period;
- That classification is unaffected by the likelihood that an entity will exercise its deferral right; and
- That only if an embedded derivative in a convertible liability is itself an equity instrument would the terms of a liability not impact its classification.

The amendments are to be applied prospectively in annual periods beginning on or after 1 January 2023, with earlier application permitted. The amendments are not expected to have any impact on the Bank's financial statements.

A1. Basis of preparation (cont'd.)

Standards and annual improvements to standards issued but not yet effective (cont'd.)

Amendments to MFRS 108 Accounting Policies, Changes in Accounting Estimates and Errors - Definition of Accounting Estimates

The amendments redefined accounting estimates as "monetary amounts in financial statements that are subject to measurement uncertainty". These amendments provide clarity on how to distinguish changes in accounting policies from changes in accounting estimates. The amendments clarify that the effects of a change in an input or measurement technique used to develop an accounting estimate is a change in accounting estimate if the changes do not arise from prior period errors.

The distinction is important because changes in accounting estimates are applied prospectively but changes in accounting policies are applied retrospectively. The amendments are to be applied prospectively in annual periods beginning on or after 1 January 2023, earlier application is permitted. These amendments are not expected to have a significant impact on the preparation of the Bank's financial statements.

Amendments to MFRS 112 Income Taxes - Deferred Tax related to Assets and Liabilities arising from a Single Transaction

The amendments specify the treatment for deferred tax on transactions related to leases and decommissioning obligation. The amendments clarify that the initial recognition exemption set out in MFRS 112 does not apply to transactions that give rise to equal amounts of taxable and deductible temporary difference. The aim of the amendments is to reduce diversity in the reporting of deferred tax on leases and decommissioning obligations.

The amendments are to be applied prospectively in annual periods beginning on or after 1 January 2023, earlier application is permitted. These amendments are not expected to have a significant impact on the preparation of the Bank's financial statements.

Amendments to MFRS 10 and MFRS 128 Sale or Contribution of Assets between an Investor and its Associate or Joint Venture

The amendments clarify that:

- Gains and losses resulting from transactions involving assets that do not constitute a business, between
 investor and its associate or joint venture are recognised in the entity's financial statements only to the extent
 of unrelated investors' interests in the associate or joint venture; and
- Gains and losses resulting from transactions involving the sale or contribution of assets to an associate or a
 joint venture that constitute a business is recognised in full.

The amendments are to be applied prospectively to the sale or contribution of assets occurring in annual periods beginning on or after a date to be determined by the MASB. Earlier application is permitted. These amendments are not expected to have any impact on the Bank.

A2. Significant accounting policies

The audited annual financial statements of the Bank for the financial year ended 31 December 2020 were prepared in accordance with MFRS and International Financial Reporting Standards ("IFRS") and the requirements of the Companies Act 2016 in Malaysia. The significant accounting policies adopted in preparing these audited condensed interim financial statements are consistent with those of the audited annual financial statements for the financial year ended 31 December 2020 except for the adoption of the amendments to MFRSs which are effective for annual periods beginning on or after 1 January 2021 as disclosed in Note A1.

A3. Significant accounting estimates and judgements

The preparation of audited condensed interim financial statements requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of income, expenses, assets, liabilities, the accompanying disclosures and the disclosure of contingent liabilities. Although these estimates and judgements are based on management's best knowledge of current events and actions, actual results may differ.

In preparing these audited condensed interim financial statements, the significant judgements made by management in applying the Bank's accounting policies and the key sources of estimation uncertainty were the same as those that applied to the audited annual financial statements for the financial year ended 31 December 2020.

A4. Auditors' report on preceding audited annual financial statements

The auditors' report on the audited financial statements for the financial year ended 31 December 2020 was not qualified.

A5. Seasonal or cyclical factors

The operations of the Bank were not materially affected by any seasonal or cyclical factors during the financial year ended 31 December 2021.

A6. Unusual items due to their nature, size or incidence

During the financial year ended 31 December 2021, save as disclosed in Note A8 below, there were no unusual items affecting the assets, liabilities, equity, net income or cash flows of the Bank.

A7. Changes in estimates

There were no material changes in estimates during the financial year ended 31 December 2021.

A8. Changes in debt and equity securities

(i) The following are the changes in debt and equity securities for the Bank during the financial year ended 31 December 2021:

(a) Share Capital

The share capital of the Bank increased from RM7,929,443,460 as at 31 December 2020 to RM10,322,374,000 as at 31 December 2021 as follows:

- (A) The issuance of 22,594,000 new ordinary shares at RM31.28 per share to Maybank on the basis of one new share for every sixteen existing ordinary shares held; and
- (B) The issuance of 48,012,250 new ordinary shares at RM35.12 per share to Maybank on the basis of one new share for every eight existing ordinary shares held.

(b) Term funding

Issuance/redemption of term funding by the Bank

The aggregate nominal value of the Islamic commercial papers issued by the Bank and outstanding as at 31 December 2021 are as follows:

Currency	Description	Aggregate Nominal Value (in Million)
RM	Zero Profit Islamic Commercial Paper ("ICP")	8,000.0

(c) Subordinated sukuk

Issuance/redemption of Tier 2 Subordinated Sukuk Murabahah pursuant to the RM10.0 billion Sukuk Murabahah Programme by the Bank

Issuance/ redemption	Issue Date	First Call Date	Maturity Date	Nominal Value	Description	Tenor
Issuance	15 February 2021	16 February 2026	14 February 2031	RM1.0 billion	Tier 2 Subordinated Sukuk Murabahah (10 non-call 5)	10 years
Redemption	15 February 2016	15 February 2021	13 February 2026	RM1.0 billion	Tier 2 Subordinated Sukuk Murabahah (10 non-call 5) ¹	10 years

¹ This subordinated sukuk was fully redeemed on the First Call Date.

A9. Dividends paid/declared

Dividends paid/declared during the financial year ended 31 December 2021 are as follows:

- (a) During the Annual General Meeting held on 22 June 2021, a single-tier final dividend in respect of the financial year ended 31 December 2020 of RM3.91 per share on 361,504,000 ordinary shares, amounting to a dividend payable of RM1,413,480,640 was approved by shareholder. The payment of dividend was completed on 28 June 2021.
- (b) On 26 August 2021, the Board of Directors had declared a single-tier interim dividend in respect of the financial year ended 31 December 2021 of RM4.39 per share on 384,098,000 ordinary shares, amounting to RM1,686,190,220. The payment of dividend was completed on 28 September 2021.
- (c) On 22 February 2022, the Board of Directors had declared a single-tier second interim dividend in respect of the current financial year ended 31 December 2021 of RM3.30 per ordinary share on 432,110,250 ordinary shares, amounting to a dividend payable of RM1.425,963,825.

The financial statements for the current financial year do not reflect this declared dividend. Such dividend will be accounted for in the statement of changes in equity as an appropriation of retained profits in the financial year ending 31 December 2022.

A10. Related party transactions

All related party transactions within the Maybank Group had been entered into in the normal course of business and were carried out on normal commercial terms.

A13. Derivative financial instruments

The table below shows the fair values of derivative financial instruments, recorded as assets or liabilities, together with their notional amounts. The notional amount, recorded gross, is the amount of derivative's underlying asset, reference rate or index and is the basis upon which change in the value of derivatives are measured. The notional amounts indicate the volume of transactions outstanding at the reporting date and are indicative of neither the market risks nor the credit risk.

The Bank enters into derivative financial instruments at the request and on behalf of its customers as well as to hedge the Bank's own exposures and not for speculative purpose.

Domestic current income tax is calculated at the statutory tax rate of 24% of the estimated chargeable profit for the financial year. As announced in the Budget 2022, the prosperity tax (or also known as "Cukai Makmur") is a one-off tax measure whereby companies with chargeable income above the RM100.0 million will be taxed at a rate of 33% and the income below and equal RM100.0 million will be taxed at the current statutory tax rate of 24% for year of assessment ("YA") 2022.

A33. Credit exposure arising from credit transactions with connected parties

The credit exposures disclosed below are based on requirement of Paragraph 9.1 of Bank Negara Malaysia's revised Guidelines on Credit Transactions and Exposures with Connected Parties:

^{*} The credit equivalent amount and risk-weighted amount are arrived at using the credit conversion factors and risk-weights respectively as specified by Bank Negara Malaysia for regulatory capital adequacy purposes.

A36. Capital Adequacy

(a) Capital Adequacy Framework

(i) Bank Negara Malaysia ("BNM") had on 9 December 2020 issued the Capital Adequacy Framework for Islamic Banks (Capital Components) on the computation of capital and capital adequacy ratios for Islamic banks. All financial institutions shall hold and maintain at all times, the following minimum capital adequacy ratios:

Common Equity Tier I ("CET1") Ratio	Tier 1 Capital Ratio	Total Capital Ratio
4.5%*	6.0%	8.0%

^{*} In addition, BNM had introduced Capital Conservation Buffer of 2.5% of total risk-weighted assets ("RWA") as well as Countercyclical Capital Buffer ranging between 0% - 2.5% of total RWA.

(ii) Total RWA is calculated as the sum of credit RWA, market RWA, operational RWA and large exposure risk requirements as determined in accordance with Capital Adequacy Framework for Islamic Banks (Risk-Weighted Assets) issued by BNM on 3 May 2019 for Islamic Banks.

Any exposures which are deducted in the calculation of CET1 Capital, Tier 1 Capital and Total Capital are not subjected to any further capital charges in the computation of RWA.

(b) Compliance and application of capital adequacy ratios

The capital adequacy ratio of the Bank are computed in accordance with BNM's Capital Adequacy Framework for Islamic Banks (Capital Components) and Capital Adequacy Framework for Islamic Banks (Risk Weighted Assets) both issued on 9 December 2020 and 3 May 2019 respectively. The total RWA are computed based on the following approaches:

- (i) Credit risk under Internal Ratings-Based Approach and Standardised Approach;
- (ii) Market risk under Standardised Approach; and
- (iii) Operational risk under Basic Indicator Approach.

The minimum regulatory capital adequacy requirements for CET1, Tier 1 and Total Capital are 4.5%, 6.0% and 8.0% of total RWA for the current financial year ended 31 December 2021 (2020: 4.5%, 6.0% and 8.0% of total RWA).

(c) The capital adequacy ratios of the Bank

On 22 February 2022, the Board of Directors had declared a single-tier second interim dividend in respect of the current financial year ended 31 December 2021 of RM3.30 per ordinary share on 432,110,250 ordinary shares, amounting to a dividend payable of RM1,425,963,825.

In arriving the capital adequacy ratios for the financial year ended 31 December 2021, the single-tier second interim dividend has not been deducted from the calculation of CET1 Capital.

Based on the above, the capital adequacy ratios of the Bank are as follows:

	31 December 2021	31 December 2020
Capital ratios		
CET1 capital ratio	15.981%	13.773%
Tier 1 capital ratio	17.173%	15.030%

[^] In accordance to the BNM Investment Account policy, the credit risk weighted assets funded by investment accounts (Unrestricted Investment Account and Restricted Investment Account) are excluded from the calculation of capital adequacy ratio of the Bank.

A37. Fair value measurements of financial instruments

(a) Valuation principles

For disclosure purposes, the level in the hierarchy within which the instruments are classified in its entirety is based on the lowest level input that is significant to the position's fair value measurements:

(a) Level 1: Quoted prices (unadjusted) in active markets for identical assets and liabilities

Refers to financial instruments which are regarded as quoted in an active market if quoted prices are readily and regularly available from an exchange, and those prices which represent actual and regularly occurring market transactions in an arm's length basis. Such financial instruments include actively traded government securities, listed derivatives and cash products traded on exchange.

(b) Level 2: Valuation techniques for which all significant inputs are, or are based on, observable market data

Refers to inputs other than quoted prices included those within Level 1 that are observable for the asset or liability, either directly (i.e. prices) or indirectly (i.e. derived from prices). Examples of Level 2 financial instruments include over-the-counter ("OTC") derivatives, corporate and other government sukuk and less illiquid equities and consumer financing and advances with homogeneous or similar features in the market.

(c) Level 3: Valuation techniques for which significant inputs are not based on observable market data

Refers to instruments where fair value is measured using significant unobservable market inputs. The valuation techniques used are consistent with the Level 2 but incorporate the Bank's own assumptions and data. Examples of Level 3 instruments include corporate sukuk in illiquid markets, private equity investments and financing and advances priced primarily based on internal credit assessment.

(b) Valuation techniques

The valuation techniques used for both the financial instruments and non-financial assets and liabilities that are not determined by reference to quoted prices (Level 1) are described below:

Derivatives

The fair values of the Bank's derivative instruments are derived using discounted cash flows analysis, option pricing and benchmarking models.

Financial investments at fair value through profit or loss and financial investments at fair value through other comprehensive income

The fair values of financial investments are determined by reference to prices quoted by independent data providers and independent brokers.

Financing and advances at fair value through other comprehensive income

The fair values are estimated based on expected future cash flows of contractual instalment payments, discounted at applicable and prevailing rates at reporting date offered for similar facilities to new customers with similar credit profiles.

As at 31 December 2021, total customer funding increased by 10.1% to RM208.2 billion, contributed by customer deposits which has increased by 8.6% at RM179.5 billion against RM165.3 billion in last financial year. Investment account of customers grew by RM4.9 billion to close at RM28.7 billion from RM23.8 billion in the previous financial year.

The Bank's capital position continued to be strong and well above regulatory requirements as reflected by its Common Equity Tier I, Tier I Capital Ratio and Total Capital Ratio of 15.981%, 17.173% and 20.077% respectively.

B2. Prospects

Amidst the global economic rebound in 2021 following the pandemic recession, the Malaysian economy is expected to grow (2022E:+6.0%) premised on the sustained broad based economic reopening following the moderate recovery recorded in 2021 of +3.1%. The mass immunisation and transition to the endemic phase of COVID-19 will be a boon to the momentum of the economic recovery in 2022. Moreover, the government's plan to lift the country's international border restrictions by 2Q2022 is anticipated to spur multiplier effects across various industries that will contribute towards the broad based growth of the domestic economy. The Bank Negara Malaysia (BNM) Overnight Policy Rate (OPR) is anticipated to remain accommodative at a record low of 1.75% throughout most of 2022 with an expected potential rate hike in 4Q2022, in tandem with potential inflationary pressure. Fiscal policy for the year remains expansionary with a budget deficit at 6.0% of GDP (2021:6.5% of GDP).

The Bank is focused on strengthening its income streams through innovative consumer-centric financial products and solutions through its Strategic Initiatives across its operations in Malaysia, Singapore, Indonesia, and Dubai-DIFC, with an emphasis on strengthening its fee based income streams and expanding its digital propositions. Concurrently, the Bank will maintain cost discipline to ensure prudent and balanced impact to overheads, as well as defending its low-cost funding base.

Part B: Review of Performance & Current Year Prospects (cont'd.)
