

Maybank unveils Mercu Maybank, its new office space in Shah Alam

Maybank officially unveiled on 7th April 2022 its new office space Mercu Maybank, which is located in i-City, Shah Alam. Over 1,500 Maybank employees will soon call Mercu Maybank their new office as the Bank occupies 14 floors of this building as part of its business continuity management and resiliency planning efforts. Maybank has also taken this opportunity to design a workspace environment that is functional yet modern in line with its current hybrid and remote work practices.

Mercu Maybank serves as a good permanent alternate site given its premium corporate office design, security features and Green Building Index certification, which fits with Maybank's sustainability commitments. It is also a safe distance from Maybank's headquarters in Kuala Lumpur. Maybank's occupancy in i-City will undoubtedly support and contribute to the further development and economic growth of the Shah Alam city.

The officiating ceremony was led by Maybank Chairman, Tan Sri Dato' Sri Zamzamzairani Mohd Isa (third from left), I-Berhad Chairman Tan Sri Lim Kim Hong (second from left), and Maybank Group President & CEO, Dato' Sri Abdul Farid Alias (left). Also in attendance was I-Berhad Executive Director and Chief Technology Officer Ricky Lim Boon Soon (right).
